

Instrumentation & Control (I&C) Maintenance Trainee – Job Summary

Location: MIPCO, Mirfa, Abu Dhabi, UAE

Responsible for assisting the I&C maintenance team in maintaining, inspecting, and troubleshooting instrumentation and control equipment while developing practical skills and knowledge.

Key Responsibilities

- Assist with preventive and corrective I&C maintenance.
- Support technicians in troubleshooting instrumentation and control faults.
- Assist with inspection, testing, calibration, and repair of I&C equipment.
- Follow safety procedures, PTW, isolation requirements, OEM instructions, and company procedures.
- Assist with maintenance work orders and records in Maximo/CMMS.
- Learn plant instrumentation, control systems, tools, and maintenance procedures.
- Support planned and emergency maintenance activities under supervision.
- Work closely with Operations, Maintenance teams, and contractors.
- Maintain a safe and clean working environment.

Requirements

- Engineering Diploma or equivalent in Instrumentation, Control, Electronics, Electrical Engineering, or related field.
- Fresh graduate or 0–2 years of experience.
- Basic knowledge of instrumentation and control systems.
- Basic understanding of calibration, testing, and troubleshooting.
- Good communication and teamwork skills.
- Willingness to learn and develop practical technical skills.
- Good English and computer skills.
- Ability to work in a multicultural and multidisciplinary environment.
